Academic Standards and Calendar Committee Report #2002-03-3

**April 4, 2003
As Amended by the Faculty Senate on May 8, 2003**

The Academic Standards and Calendar Committee met on April 3, 2003 and considered the following matters that are brought to the Faculty Senate for consideration at this time.

I. Graduate Ceremonies

The Academic Standards and Calendar Committee recommends that the Faculty Senate amend the University Calendars for 2003-4, 2004-5 and 2005-6 by adding the date of Graduate Ceremonies on the Saturday before Commencement each spring.

II. Posthumous Degrees

At the request of Vice Provost Rhodes, the Academic Standards and Calendar Committee considered the development of University policy with regard to the granting of posthumous degrees. The committee's original proposal was referred back by the Faculty Senate on November 21, 2002. The Academic Standards and Calendar Committee now recommends that the Faculty Senate approve the following new sections **8.22.50-51** of the UNIVERSITY MANUAL:

8.22.50 Posthumous Degrees. Any University of Rhode Island student who dies while registered for courses and who has completed at least fifty percent of the credits necessary for the degree which he or she is seeking is eligible to be awarded a posthumous degree. On the recommendation of the chair of the department and the dean of the college in which the student was enrolled, the Board of Governors may confer a posthumous degree.

8.22.51 Posthumous degrees shall be presented to the family of the deceased student by the President of the University at a time and place of the President's choosing. However, that time and place may not be at the time and place of any college graduation ceremonies except by recommendation of the department chair and college dean.

III. University Calendar for 2006-2007

The Academic Standards and Calendar Committee recommended and the Faculty Senate approved the following calendar for the 2006-07 academic year. Senate Bill #02-03--7, was subsequently disapproved by President Carothers and referred back to committee. Because President Carothers has informed the Academic Standards and Calendar Committee that he will no longer oppose the calendar, it is returned to the Faculty Senate for approval. There are an equal number of MTWRF class days each semester and the total number of weeks for each semester satisfies Federal Financial Aid guidelines.

IV. Six-year Calendar

The University Manual mandates that calendars be approved four years in advance. The four-year calendar has become a hardship for the College of Pharmacy, whose students are enrolled for six years and planning is required six years in advance for incoming freshmen. The Academic Standards and Calendar Committee recommends that section **8.70.10** of the University Manual be amended by replacing "four-year" with "six-year." The first portion of the section to read (change is in *italics*):

8.70.10 Preparation A *six-year* calendar shall be maintained. In accordance with sections [8.70.20-8.70.40]...

V. Summer Session Calendar
